

Supply Chain Issues Causing Concerns for You?

**NEW!
EU Spec
TCP**

NEI manufactures high quality Tricalcium Phosphate (Tribasic, TCP) in SQF Certified Plants. Looking for anti-caking, calcium fortification, a release agent, acidity or pH stabilizer? NEI's TCP can work in a multitude of capacities, is an alternative to silica and is ultra low in heavy metals. Our food grade process includes 2 heat kill steps to ensure our products are clean and safe.
